Girl Awards  
Ceremony**

**May 8, 2009**

## **Award: BRONZE**

**Girl Scouts:** Rilie, Lyndi, Megan, Shelby, Hailey and Mariah

**Troop Number:** 9129

**Project Title:** Burning Ring of Fire

**Troop Leaders:** Gena and Karla

**Project Advisors:** Steve

**Description:** RaNap 4 is the first place we camped as a troop. When we started our award project we talked together as a troop about all the options we had as a troop to make a difference. The whole troop loves to camp at Camp Howdy so we choose to build a new fire ring for RaNap 4. The original fire ring needed to be move to a move central spot in the camp site so troop 9129 tore down the old and built a new fire ring placing 60 pavers down in a circle, making sure to leave drainage holes and then coming back and gluing the pavers together for durability and then filled the ring with dirt. The troop and leaders are pleased that they made something they can enjoy and that can be enjoyed by many other girl scouts for years to come.

Brownie Day At  
Camp Howdy

**Troop Leaders and  
Project Advisors:**  
Tricia and Mary

**Description:** Troop 9112 held a Brownie Try It Day at Camp Howdy for 36 Brownie Girl Scouts. Junior Troop 9112 lead three try-it stations (Earth is Our Home, Eco Action and Girl Sports) for the Brownies. The Juniors learned about the environment, the health benefits of playing outside, and how to work as a team. The Juniors earned many outdoor badges to help with their Bronze Award Project including Your Outdoor Surroundings, First Aid, Outdoor Cook, and Outdoor Fun. Activities at Brownie Try-It Day included making environmentally friendly household cleaners, planting a plant, taking a nature scavenger hunt, creating a habitat, participating in team building games, and cooking s' mores by sunlight!

**Project:** Love the  
Animals

**Troop Leaders:** Michelle and Kathy

**Project Advisor:** Krystle, Rachel, Michelle, Kathy

**Description:**

The multi-faceted project focused on helping the Brazos Animal Shelter. The girls organized a one-month donation drive collecting tons of newspaper, towels and blankets. They baked more than 780 dog biscuits that were given out to new pet owners during the May Adopt-a-thon event. They made more than 30 fleece blankets for the kitty kennels and more than 50 fleece rope toys for the small dogs. The project culminated in a dog wash where they raised \$116.50 that was donated to the animal shelter to purchase medicine for dogs and cats.

**Troop Number:** 9042

**Project Title:** Safety in Numbers

**Troop Leader:** Reni

**Project Advisor:** Candy

**Description:** For our Silver Award, Troop 9042 decided to improve the safety of College Station Middle School. The first thing we did was post reflective room numbers in the outside facing windows of each room. The theory behind this action was that it will be much easier for emergency personnel to find the area where they are needed if they can see the room numbers from the outside. Next we updated, laminated and posted the safety procedures and evacuation charts. In each room, next to the door, we hung posters telling what to do in emergency situations and maps with primary and secondary escape routes tailored to each room. Continuing with the poster theme, we created Crime Stoppers posters and hung them in visible areas around the school. Lastly, and the most fun, we made a video simulating an

emergency. The goal of the video was to inform the teachers and students of the new safety items in their rooms and the purpose of each item. All in all, our Silver Award project was a lot of fun. We sincerely hope that our efforts will help make the students and staff of College Station Middle School safer.

**Troop Leader: Tina**

**Project Advisor: Kathy**

**Description of project:** Camp Howdy is a very important part of our troop's Girl Scout experiences. We wanted to give back and show just how much we love Howdy. Day Camp teaches young girls about "growing strong" in life. The shelters and metal barn were in need of work. We cleaned, repaired, organized, inventoried, resupplied, replaced and color-coded the shelters and barn. All the cast-iron was cleaned and reseasoned. Now every shelter has the supplies to support any troop. We named the project SISTERS for Sharing, Involvement, Strong, Teamwork, Ecstatic, Rebuild, and Statement. These words were chosen to represent what girls get out of Camp Howdy!!!

**Project Title:**

Turtle Habitat at  
The Reptile  
Hospice and  
Sanctuary of  
Texas

**Troop Leader:** Wendi

**Troop Assistant Leader:** Nina

**Project  
Advisors:**  
Teresa and  
Frank

**Description:** The girls smoothed out an area by spreading a truck load of dirt and then digging a three foot deep 8X12 foot pond. They built the pond with liner, sand and rocks that they collected in fields. They put up a fence around the whole enclosure and planted grass and other plants the turtles will munch on.
